Vol. IX

Lakeside, San Diego County, California, Tuesday, July 27, 1954

No. 12

Although slightly less than 500 paid members had signed up before Friday, Lakeside Volunteer Fire company officials announced yesterday (Monday) that the membership campaign would continue for at least one more week, possibly more.

A goal of at least 500 members was originally set by the LVFC leaders a few weeks ago when they arranged plans for the 1952 drive. Children who desire to earn money were signed up to serve as solicitors, but adults had to do most of the sales work because few youngsters volunteered.

However, Clarence Sutton, executive board chairman, said several more children will be given the opportunity to earn money if they volunteer early this week.

Youngsters desiring to serve as solicitors are asked to contact Mrs. Jim Eakes, company secretary, at 149 South Maine, phone Hickory 3-1572. Good commission will be paid for each membership obtained, she said.

The company had more than 500 members in 1953, but this total dropped to 423 this year. Mrs. Eakes said the membership should be higher because the company, like others in Alpine, Santee, Suncrest and other communities, is purely voluntary with no legal responsibility and no definite boundaries. It is owned by persons who contribute the surprisingly low \$5 annual fee, she explained.

Lakeside volunteer firemen are required to leave their homes or employment places to answer alarms. They are headed by Fire Chief Eddie Harrison. Executive board members are Sutton, chairman; Dudley Biggs, vice chairman; Mrs. Eakes, secretary; and Ralph Anderson, Jim Eakes and Jack McLean.

Cub Scout Pack's Potluck Held In El Monte Park

Pet Show Slated August 7

Children of all ages face an opportunity to enter their pets in the show to be sponsored Wednesday, August 7, in Lindo Park by the Junior Woman's club of Lakeside.

Children desiring to enter their pets are asked to phone Mrs. Elizabeth Long, Hickory 3-1867, or Mrs. Jerry Webb, Hickory 3-6115. However, if unable to contact these persons, children may enter their pets by bringing them to Lindo Park by 9 a. m. of the day of the show.

Club officials, saying nothing is more fun than a real old-fashioned pet show, gave the rules as follows:

1—No entry fee.
2—Show will be open to all kinds of pets.

3—All dogs and cats must be on leash or in cages for the duration of the show and other animals must be suitably caged or under suitable means of control by their exhibitors at all times.

4—A puppy or kitten is under one year and over 10 weeks of age.

5—No one animal may be entered in more than two classes.

6—All pets must be in good health.

7—Every precaution will be taken to have the pets and owners safeguarded, but no responsibility will be assumed by the club.

8—All exhibitors should provide a water container for their entries.

9—Exhibitors will include all children to 12 years of age.

Prizes will be awarded, officials said. These include ribbons to third place in each class, special awards in several divisions and a prize for the most unusual entry in the entire show.

Classes in which dogs will be judged are (1) best looking puppy; (2) best trick dog; (3) saddest looking dog; (4) smallest dog; (4) largest dog; (5) dog with longest ears; (6) dog with waggingest tail; (7) most handsome dog.

A special award will be presented to the person judged to be the best handler of a dog.

Cats will be ranked as (1) prettiest; (2) largest; (3) cat with most colors; (4) cutest kitten; (5) one in cutest costume. A special award will be given to the best handler of cats, too.

In the poultry and birds division, with entries to be judged on appearance and manners, children may enter roosters, bantams, chickens, ducks, geese, canaries, parrots, parakeets and pigeons.

Other divisions are for water pets, such as frogs, gold fish, lizards and turtles; miscellaneous animals, large, including ponies, goats, calves, sheep and pigs; and small animals such as hamsters, mice and guinea pigs.

Santee Group Stages Truck Fund Campaign

Bernard Boyd, treasurer of the Santee fire commission reported yesterday (Monday) that \$350 had been collected at the end of last week for the Santee Volunteer Fire department's fund toward a new fire truck.

Campaign leaders sent 2000 letters to Santee residents last week, asking for contributions, and volunteers are staging a door-to-door drive to receive donations. They have official receipts to give in exchange for any donation.

However, Boyd emphasized the fact that contributions will also

"CAN'T MAKE WATER RUN UPHILL"—Say workmen as they dig an extra large three-foot excavation on West Main street, between Johnson and Richardson, for drainage. Workmen installed a 42-inch pipe recently which is aimed at improving drainage conditions for homes and businesses near and along the West Main thoroughfare. Opti-Mrs. Club Opens New Year At Bole's Home

The first official meeting of the 1954-55 year was held at 7:30 p. m. last Thursday by the Lakeside Opti-Mrs. club in the home of Mrs. Helen Bole.

Plans were made for the annual picnic to be held by the Opti-Mrs. and Optimist clubs at El Monte Park on Thursday evening, August 12.

The committee chairmen were familiarized with their duties for the year. President Helen Bole stressed the point that it was the responsibility of each Opti-Mrs. to come to the regular meetings held on the second Thursday of each month without having to be notified. Members are asked to mark their calendars in order to keep the meeting dates on mind.

Notices will be given for the joint meeting dates with Optimists, the president said. "It won't be too long before we will be having one of our famous spaghetti feeds," she notified members; "so watch for our posters in the store windows."

Body Of Man Found In Car

The body of John W. Burdett, 53, Los Angeles, was found in his car on a ranch near Jamul Friday, and Deputy Coroner W. C. Davis said a note found with the body indicated the man took his life because of a love affair.

Burdett committed suicide by piping exhaust fumes into his car, Davis said. A ranch employee found the car and body south of Highway 94 and four miles east of the Daly ranchhouse.

The body was taken to Erickson-Anderson Mortuary, La Mesa.

Volunteers Urged To Attend Meeting

All persons interested in helping make the annual "Lakeside Days of 49" event program an outstanding success when it is staged in September are urged to attend a special meeting at 7:30 p. m. tomorrow (Wednesday) in Lakeside Electrical Appliance store, 118 South Maine street. Robert Watkins, Lakeside Chamber of Commerce president, and other officials said they hope at least 20 people attend this week's meeting and offer their help.

Officers Elected By ERCA

George Rider was elected 1954-55 president of the Eucalyptus Hills Civic association at the quarterly meeting held at 7:30 p. m. last Wednesday in the Lakeside Community church's Fellowship Hall.

Other officers elected were R. S. Lindstrom, vice president, and Ruth Moffett, secretary-treasurer. They had been recommended by the nominating committee.

Dr. M. L. Pinko said he would personally underwrite the \$25 award offered to any persons who provide information that helps lead to the arrest and conviction of a person for dumping rubbish in the hills area.

This "Don't Be A Litterbug" campaign has proven to be a never-ending struggle to keep the hills area looking attractive, an association spokesman said. Residents' cooperation in helping fulfill its purpose is requested.

Attractive redwood signs denoting association chairmen's residences were presented to the group by the new president and his wife. EHCA members desired these signs because they believed such signs would help newcomers find persons from whom they could receive information about the community. Mr. and Mrs. Rider were thanked for this contribution.

Committee chairmen will be picked at the next quarterly meeting in October, and persons desiring to serve on the committees are asked to contact Rider. His phone number is JUniper 2-3862.

Other unfinished business was discussed before the meeting closed.

HARBISON CANYON NEWS

By Ruth Scott

Hi neighbors! Certainly was fine to see all you nice people at the Firemen's Dance Saturday. From all reports the affair was a huge success, as usual. The Fire Prevention association and the members and officers of the fire department, take this means of saying a hearty "Thank you!"

We are happy to report that our neighbors on the sick list are coming along fine. Jiggs McDonald has returned home and expects to be back on the job shortly.

Captain Newton is still in the hospital, though somewhat better. He informed the doctor that the fact he had an enlarged heart was no news to him, since every nurse in the hospital told him he had the biggest heart of any man they knew.

Charlie Cobb is getting around fine with his cast. It takes more than a broken ankle to keep a good man down, although that cast must have as much reinforcing steel as the Empire State Building to hold up Charlie's weight.

Bob Price, who has been under the weather for some time, is better but we miss his smiling face at the Tavern.

Cards received from our gypsies, Verna and Dotty Farrankop and Ruth Scott, indicate an enjoyable trip and much sight-seeing. They say, however, that the weather is cold and no sunshine.

Mrs. Betty Palmer and daughter, Sharon, are now living in La Mesa. Betty recently sold her house on Francis drive. We miss the Palmers, but hope they will be happy in their new home.

Mary and Carl Barnell were recent visitors. These Harbison Canyon rocks and rills do have a fascination that draws you back now and then. Come often, we are always happy to see you.

The Misses Judy and Donna Kay Love have as house guests, Misses Lorraine Allen and Jane Marshall.

Have you noticed the new signs erected by the fire department at each end of the canyon? We hope visitors, and residents, too, will heed the warning on these signs. The big fire of 1947 was enough to last a lifetime and we have no desire for a recurrence of such a holocaust.

Has anyone seen an asbestos suit walking around? The TV program advertising the dance could not be put on as planned because the props were missing. If anyone knows the whereabouts of the suit, the firemen would like to get it back.

Mr. and Mrs. Sumner Farrar are visiting the Rices. Mrs. Farrar will stay in the canyon while her husband makes a quick trip to Florida to attend his daughter's wedding.

Early yesterday morning Ed and Barbara Betterton were seen driving up the hill with that little handyman packed to the gills with camping equipment and fishing gear. They plan to pursue

the wily trout in the sparkling streams of northern California for about a month. Think of us, kids, when you are savoring the delicacy of mountain trout for breakfast.

We regret to hear that Mrs. Lottie Siebert was taken to the hospital Saturday. No recent reports on her condition, but we hope that she will recover rapidly.

The young set will be interested to hear that Lila Lee Cowley and Leo M. Cuyler were married Sunday at a beautiful simple church wedding in Encinitas. After a short honeymoon the young couple will make their home in Oceanside, the groom being based at Camp Pendleton.

Another former resident of this community who paid us a flying visit was Lieutenant Commander Wood Stone, who tells us he has recovered from the serious injuries received in a parachute jump a year and half ago, and is returning to active duty with the Navy shortly.

The three Harbison Canyon girls, seeing the sights of the U. S. A. in their new Chevrolet, are thrilled at the wonders of the coastal states.

Shasta Lake and Dam were the first points of interest, then Grants Pass, Oregon, where steams are full of fish and fishermen.

A tour of the Olympia Brewery was an experience long to remember and Mt. Ranier is a sight words cannot express.

In Puget Sound, Washington, a very beautiful valley, all types of berries are grown and sold commercially.

From Puget Sound we went to Tacoma, Washington, a shipping and logging center, with rivers and lakes surrounding the whole vicinity.

See you soon.

Study Group Asks Public be Urged To Prevent Fires

Members of the county's study group on forest and brush fire and conservation problems, headed by Earl Roberts and Howard Keddie, this week said they believe the public should be reminded that carelessness causes fires.

The group's warning came as a result of two recent fires. One hit 20 acres on the south slope of Mt. Palomar, endangering the famous observatory, and the other covered 500 acres east of Lakeview, near residential properties.

"Both the federal and state foresters, as well as members of our group, were feeling quite good about the small number of forest and brush fires this year to date, compared to those of last year; and we had let down our guard a bit," Roberts and Keddie said. "We thought and hoped the public was better informed and consequently more careful about the possibility of setting fires by cigarettes, carelessness, etc."

Newspapers were asked to help the study group dispense facts to San Diego and Imperial county citizens in order to help preserve the watershed, scenic values and recreational facilities.

Bill Ivans of La Mesa, present holder of the U. S. national championship and world's gliding distance record of 545 miles will be among the contestants in the 21st National Soaring contest beginning at Elsinore Tuesday.

The five-day meet is sponsored by the Associated Glider clubs of San Diego, the Southern California Gliding association, Los Angeles and the Elsinore Gliding club.

This year's meet marks the first time that the national championships have been held in California. Previously the national meets were held in Elmira, New York, or in Texas.

Glider pilots from all over the United States are already at Elsinore and many more are expected before the final event gets underway Friday.

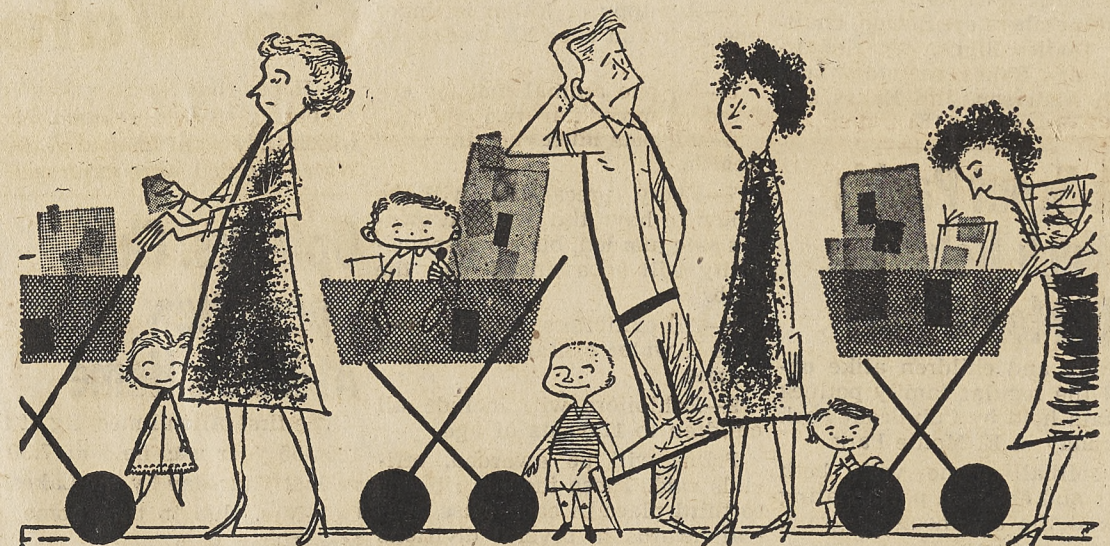

The Columbia Broadcasting System's television net work has been scheduled to televise this year's meet.

Activities get underway at 9 a. m. each day of the scheduled meet. Meet officials have said that ample parking and seating space for viewers will be available.

Ivans, flying a Schweizer 1-23, all metal sailplane, will be attempting to break his own world's altitude record of 42,100 feet set at Bishop in 1950 with many of the nation's top pilots also shooting at his coveted mark.

El Cajon and Elsinore are among cities which are offering goal prizes for pilots. The first pilot leaving Elsinore from a tow plane and landing at Gillespie Field will receive \$50 and the same amount has been posted at Elsinore.

Four Foothills Women Prepared To Teach Special Sewing Skills

Four Foothills women are among the 17 specialists in San Diego county who are prepared to teach special sewing skills, according to University of California Extension Service officials.

These four are Mrs. Edna Hanaka, La Mesa; Mrs. Clara Foster, Lakeside; and Mrs. Hazel Berry and Mrs. Pat Lucas, Spring Valley.

They and other specialists met with Delphine D. Wilson, home advisor, during June and July to prepare teaching material. The teaching kits which they made illustrate 20 or more sewing skills.

How to choose cloth was illustrated with samples of materials not sanforized and unevenly printed. Good selections were

sanforized.

Folders showed how to mark cloth according to pattern directions by means of snip marks, pin marks, embroidery thread, tracing wheel and tailor's chalk. Some illustrated steps in sewing such as stay-titching, neck finishes, plackets, seams, hems, belts and the use of machine attachments.

Wilson said that the completion of the teaching kits will enable the specialists to teach interested women recommended sewing methods which are designed to save time and energy in clothing construction.

"The sewing specialists are equipped to teach interested neighborhood groups without receiving further training from the home advisor," Wilson explained. "The home advisor will pass on to the sewing specialists up-to-date information on sewing skills, materials and equipment. From time to time the specialists will receive further training in skills and methods from the home advisor."

When a group of neighborhood women have received training from sewing specialists, they in turn are responsible for passing on this information to other women, Wilson said.

"By this chain reaction method, and through the activity of local specialists in sewing, all rural women may receive the benefits of the latest, most up-to-date sewing methods offered by the extension service, University of California."

The July edition of San Diego County Farm Bureau News carried an interesting picture and story about the El Cajon booth which won honors at the San Diego County Fair and Southern California Exposition.

The farm publication's story said the El Cajon booth won first place in the under 200 square foot class and also won the sweepstakes trophy in this class.

"The globe of the world is on a cement base and is moved on wheels," the report reads. "It took all the engineering of Mr. and Mrs. Wes Bond, Mr. and Mrs. Everett Parsons, Mr. and Mrs. Jack Russell, and Bob Judson to unload it from the truck and place it on a firm foundation under the exhibit."

"The rest of the exhibit was of agricultural crops grown in the area plus a lighted farm home. Floodlights illuminated the home exhibit so that visitors could see everything."

WHAT'S DOING

W. Rank, your Telephone Manager for Lakeside

No extra charge for repairs

Your telephone is ruggedly built and doesn't often need repairs. In fact, it's so easy to take care of that about all you have to do to it is dust it once in a while and see that its cords don't get twisted. But if it ever should need fixing, please let an expert from our office do it for you. After all, your telephone is one thing in your home that's repaired and maintained at no extra charge to you. This is one way we protect its usefulness to you . . . to make, and keep, your telephone a real bargain in your family budget. Pacific Telephone works to make your telephone a bigger value every day.

Call ahead for reservations

You're off to a good trip when you line up hotel or motel reservations ahead of time. And what better way than by telephone? It only takes a minute or two . . . costs but little. So, when planning weekend vacations . . . or while driving to your overnight stop on longer trips . . . why not call ahead and make sure the rooms you want will be waiting when you get there. You'll be surprised at how little it costs to have the peace of mind that will make your whole trip more fun.

Two easy ways to enjoy even better telephone service

First, when you have a series of calls to make, it's a good idea to take a few minutes out between them, instead of placing one right after the other. By spacing your calls, you'll give other people a chance to get in touch with you. And the calls you receive are often just as important as the ones you make. Second, before making a call, please look up the number if you're doubtful about it. By using your directory, you'll get the right number the first time you call. Saves you time in the long run. Pacific Telephone.

Attention Merchants! FIGURES CAN LIE

Back in 1918, a World War I flyer marveled at the way his buddies went for a cold can of stewed tomatoes the morning after. A hell-for-leather ex-cowboy had introduced this custom to the squadron.

After his return to the states in 1920 this flyer found himself heir to a small canning plant in the south. Remembering the way his buddies "drank" the tomatoes, he thought canning the juice would be a big idea.

But before he started to can tomato juice, he hired a survey outfit. The findings were depressing. "Most people," the surveyors reported, "were allergic to tomatoes, and many doctors frowned on the idea."

So he killed the idea. And today it's a daily habit in millions of homes. He still wears a sour expression!

MORAL: Most people know what they want only when you give it to them. For example, what housewives ever wanted colored gelatin desserts until a brilliant innovator offered them? Or what consumers ever wanted knee action in automobiles until an enterprising manufacturer offered it?

So . . . most Foothills people will know what they want to buy "near home" only when you advertise your products. And the Foothills Publishing Co. newspapers, among Southern California's fastest-growing publications, are the newspapers in which it pays to advertise!

The Garden Guide

Are you making the most of shrubs on your patio, deck, terrace, lanai — or other auxiliary living area?

Shrubs are available in California nurseries in such a diverse range of species, variety and size as to perform a tremendous number of aesthetic and functional chores in these areas, says the California Association of Nurserymen.

Add to this the utility and portability of container planting and the use of shrubs in living areas multiplies. And it so happens that in nearly every section of the state, during every season of the year, nurserymen have shrubs suitable for container growth in their particular locale.

This means that you can have beauty and color the year 'round. Pyracantha, Heister, Camellias, Azaleas and Rhododendrons alone form a group of which one or more will afford color in dead

of winter to varying sections of California.

So great are the foliage varieties available in shrubs that you can accomplish almost any textual purpose—be it to create an effect "bold, tropical, aristocratic, polished, informal, dense-mass, rangy or rough-hewn."

From a standpoint of utility, you can form windbreaks, screens, hedges and complete enclosures for living areas with container-grown shrubs. And if not already in containers, most nurserymen will be glad to handle container planting of your selections giving them a healthy start that will help insure survival for years.

In short, you have but to tell your nurseryman the effect you wish to create, the purpose you wish to achieve, and likely he will be able to offer you one or more shrub varieties that will fulfill your demands.

Lester Hodges, eldest son of Mr. and Mrs. Sam Hodges is visiting relatives in Sweetwater, Oklahoma. Lester intended to return sometime this week, but Oklahoma's hunting, fishing and swimming were so good, that he wrote his parents and said that he would not return until later.

Hodges have a son Randy, who is leaving soon for Camp Mountain in Calabasas, California. Going with Randy will be Michael Muller.

Mr. W. E. (Dusty) Rhodes, left for Japan Thursday for a three-year tour of duty with the Navy. Dusty's wife, Nina will live with her mother and father-in-law, near Los Angeles.

The Rhodes own their home on Pioneer Way.

Mrs. Leo Ness, with her mother, Mrs. Thomas Kinard, of Pepper Drive, and Mrs. Stanley Rodenz, of Point Loma, will be co-hostesses at a luncheon to be held at the San Diego Yacht club.

Designed for closer acquaintanceship between the four chapters of Delta Zeta sorority, the luncheon will host members of the group from San Diego city and county.

Mrs. Ness will speak to the luncheon guests about the Delta Zeta National convention she attended last month in St. Louis, Missouri.

Mr. and Mrs. James Jones, and two children, recently visited the

Perkins family, of Fanita lane. The Jones' are residents of Oklahoma City, Oklahoma.

People living on Pepper Drive, Clove, and Pepper Villa are very happy this week as new drop mail boxes are now being used on those streets, and twice a day pickup service has been started.

Mr. and Mrs. Marvin Goss, of Clove drive, are planning a square dancing party for this Saturday night. Mr. Royner, a very close friend, is an excellent dance caller.

Roy and Addie May Davis have a new baby boy. The new addition, Larry Michael, arrived July 13, weighing eight pounds, 12 1/2 ounces.

The Davies' are staying at Roy's mother in Encanto. Addie May is the daughter of Mr. and Mrs. Lynus Orcutt.

The Mr. and Mrs. Club will hold a beach party in place of their regularly scheduled meeting Friday.

Members are to meet at the Community Church at 6:00 p.m., and leave for the beach from there. Each couple is to bring enough food for themselves.

Mrs. Ed Bowman is in Paradise Valley hospital recovering from an emergency appendectomy.

The Las Tres Lagunas association held their first San Diego county picnic, Sunday at Live Oak Park.

While the purpose of the picnic was a greater acquaintanceship between members, a highlight of the afternoon was the eating of Nutrias.

Many people of this area had never eaten the edible little rodent that was first found in Argentina, but which is now also growing wild in the United States.

Varied opinions, comparing taste, were expressed by first-timers. Some said they tasted like beef, others turkey, but Mrs. Myers said that she thought they tasted like the dark meat of a chicken.

Nutrias can be prepared several ways. Sunday's samplers ate roasted and barbecued Nutria.

The Horse Show at Fanita Ranch, Sunday was quite successful.

Helen Bogart, JoAnne Perkins, Josie Scripp, and Cissie Brocsmas, of Santee, were prize winners.

LAKE HELP DELAYED

Lakeside Chamber of Commerce was notified by the County Public Works department that the county can't consider purchasing supplementary water for Lindo Lake until a study of methods of improving the seal of the lake bottom is completed.

Here's A Honey Of An Idea

A pre-sweetened wheat cereal made into a tempting refreshment—Honey Crunch Ring—for after the game. Guests will look on it as a prize to be shared by all!

I'll wager there isn't one of you who doesn't like honey. So, I'm sure you will at least love the Honey Crunch Ring, pictured here. It combines three long-time favorites—honey, coconut, and ice cream—with a favorite sugar-coated wheat cereal. This is the pre-sweetened cereal which has taken the country by storm. Made up here in a ring mold, and piled high in the center with mounds of vanilla ice cream, this combination provides a perfect refreshment for after the canasta game. Destined to be just as popular as the game, too!

HONEY CRUNCH RING

5 cups candy-coated puffed wheat
1/2 cup honey
1/4 cup sugar
1/2 teaspoon salt
1 tablespoon butter
1 cup shredded coconut, toasted

Place cereal in greased bowl and set aside. Combine honey, sugar, and salt in saucepan. Bring to a boil over medium heat, stirring to dissolve sugar. Continue boiling until a small amount of syrup forms a firm ball in cold water (or to a temperature of 246°F.). Add butter. Pour syrup over cereal in bowl, stirring lightly to coat. Add toasted coconut, combining quickly. Press mixture gently into well-greased ring mold. When cold, unmold and fill center with ice cream. Cut in slices to serve. Makes 8 to 10 servings.

Presbyterian Women Hear Authority Discuss Foreign Missionary Work

The Women's association of F. H. Presbyterian Church will meet July 27 in Fellowship Center to hear Mrs. Robert McCrackin who will speak on foreign missionary work in West Africa. Mrs. McCrackin and her husband, who is a medical doctor, spent two terms in the French Cameroons, under the Presbyterian Board of Foreign Missions. She will also show a one and a half hour long program of colored movies of their hospital and work, one reel of which is entitled, "A Dip in the Jordan." Mrs. McCrackin was the only white woman within several hundred miles in a territory about the size of France, and only five degrees north of the Equator.

The McCrackins are now residing in Mission Beach, where Dr. McCrackin is practicing.

Mrs. G. Sawyer Abbott and Mrs. Don Erickson are chairman and co-chairman for the evening, with Mrs. Sherman Hill in charge of refreshments. The Lakeside and El Cajon Women's Associations are invited to be guests. Mrs. Beverly Green will sing.

Tentative plans are under way for two delegates to attend the Women's Leadership Training conference at Pacific Palisades in August.

Very Versatile Lakeside Resident Offers Recipe For Honey Sugar Cookies That Earned Her Honors

Mrs. Hugh S. Spolt, Lakeside resident who won many prizes at the San Diego County Fair and Southern California Exposition at Del Mar last month for cooking with honey, has ample reason to believe that people are honest.

She and her husband have a small roadside stand at the bottom of the hill on which their home stands. Mrs. Spolt, one of the valley's busiest women, can't find time to man the stand, however. So she uses a sign that asks customers to drop their money in a box on the stand.

Well, Mrs. Spolt proudly says that her customers have never cheated her on their purchases, and in many cases they have overpaid, probably because they didn't have the right change.

Now recording secretary of the Lakeside Woman's club, Mrs. Spolt also is an active member of the Lakeside Community Presbyterian church and the home department of the Lakeside Farm Bureau. Nevertheless, she finds time to earn many honors in cooking.

She and her husband, a former Army mess sergeant who retired with the rank of master sergeant

after 22 years of service, won a prize for their "one-family farm" exhibit at the Del Mar Fair last month.

This exhibit featured a miniature farm, including a house, which showed produce grown on their 10-acre farm. This exhibit and other family handiwork, produce, canned and baked goods earned the family 20 ribbons at the big fair.

Mrs. Spolt, who cooks dinners once a month for the Lakeside

Chamber of Commerce with her husband, prepared a "mighty sweet" recipe for honey sugar cookies at the fair. This recipe, according to this versatile woman, is as follows:

Three fourths of a cup of shortening; half a cup of sugar, and half a cup of honey (orange) blossom; one teaspoon of grated orange rind; two eggs; two and a half cups of sifted flour; half a teaspoon of salt and the same amount of soda, nutmeg and sour cream sugar.

She advises housewives that sugar, honey, orange rind and eggs should be added, one at a time, for cream shortening. Beat until light and creamy, then add sifted dry ingredients alternately with sour cream.

Mix well. Put dough out on floured board. Fold over eight or nine times. Roll to one-fourth inch thickness. Cut with floured cookie cutter, sprinkle with sugar and bake in moderate oven (325 degrees) for 12 to 15 minutes.

Mrs. Spolt, who is a grandmother, says this recipe makes four dozen cookies.

Farm Magazine Describes Lakeside Booth

The Lakeside Farm Bureau Center which won honors in the San Diego County Fair and Southern California Exposition is described and illustrated in the July edition of the San Diego County Farm Bureau News.

The Farm Bureau News story reads:

"The Lakeside Farm Bureau Center won second place in the under 200 square foot class with this exhibit. It depicts a globe and a doorknob to carry out the theme of the fair, 'The World at Your Doorstep'."

"Exhibited in appropriate fashion underneath these two theme props were the agricultural products of the area."

"Mr. and Mrs. Morris Smith, Mr. and Mrs. Milton Parfet, Mr. and Mrs. Hart Dunham, Mrs. Myrtle Buckel, Mrs. Meda Rosado, Mr. and Mrs. Tom Roundtree and Mrs. William McKay helped to make this prize exhibit."

LAKESIDE DOINGS

By Millie

Mr. and Mrs. E. G. Henry left Tuesday afternoon for Reno, Nevada, where they planned to meet their son, Patrick Henry, an airman. He intended to return to Lakeside on a three-day pass.

Dr. and Mrs. Morton N. Carille and their daughter, Mary Smiley, spent this past week at Mission Beach.

Mr. and Mrs. John Rabe and two sons, Gerald, 10, and John, 4, recently moved to Lakeside from their previous address in San Diego. Rabe is an assistant foreman at Conair while Mrs. Rabe does catering work.

Technical Sergeant Vincent A. Cozzi and his wife and two sons, Christopher, 3, and Bruce, 1, have come to Lakeside from Marin county. Cozzi is a Marine stationed at Camp Matthews.

After attending a conference in the Pacific Palisades, Mrs. Marie Marshall made a side trip to Catalina Island where she spent several days before returning home this past week.

Mrs. Sue Holland spent two weeks with her daughter in Coronado, where she had resided for many years. She returned to Lakeside on Friday.
